## Bistro Blast

When you're in the mood to dine out, but yearn for great food in a casual and comfortable setting, the new bistro menu served in the lounge at Mille Fleurs may be just the right place for you. Savor old-fashioned, home-style French cooking with reasonable prices for smaller entrees that are perfect for sharing. Sip on an interesting wine from around the world while indulging on a lovely charcuterie platter, Coq au Vin, Trout meuniere with brown butter, mussels au gratin, or the burger d'jour. Don't miss the refreshing new summer cocktails including the Basil Fresca Gimlet (grapefruit infused vodka with a basil syrup and fresh lime) or the Black Swan (jalapeño-infused tequila with blackberries and agave nectar). The bistro menu is available daily. (858/756-3085, [www.millefleurs.com](http://www.millefleurs.com))
